

Thank you for considering Mountainview for your upcoming wedding. We believe your wedding is a sacred celebration and hope your plans for the service will reflect that as well. Careful planning will ensure that your wedding is meaningful to you, your family, and friends.

When scheduling weddings, Mountainview is available to church members and their children. A “church member,” in this case, is someone who has participated regularly in Mountainview activities for at least three months prior to reserving a wedding date.

This Fee Schedule is a part of the Building Use request form. Please read through it before you continue to fill out the remainder of the request.
